

Christmas poems from Denmark

4th grade have written some christmas
poems

**Merry Christmas from all of us to all of
you**

Snowmen are freezing
Nice and cole
One with warm sweaters

Snow is fun
New and bright
Old men are sneezing

Stars are twinkling
Noses are cold
Or cold and ole

Snow is white
the ~~hich~~ **elf** is green
the star is gold
santa is red

snowballs are tough
the night is dark
gifts are waiting
the angel is friendly

santa gives gifts
to all children
on one night
in his sleigh

the children are waiting
on their gift
during the christmas tree
with the other gifts

Digt engelsk

It, snowing
In the dark
Its is cold outside
You want to play in the snow

Christmas is cool
There is no pool
We eat porridge
it is so red

we hang up Christmas decorations
Santa is coming

Merry Christmas
Space for everyone
Lots of snow
Lots of brain freezing.

Snowmans are round
Snowmans are awesome
Snowmans are freezing
But also funny.

Christmas Tree it's so green
Light on
Gifts under
And one star on the top

See a Christmas tree
in the middle of the city
we are ready
for Christmas.

Come and see
there is snow
gift on the tree
this to go slow.

December snow
it is very cold
play snowball fight
it's the best.

**Snow is falling
From the sky
Snow is falling**

**Put on your scarf
And gloves
Snow is falling**

**It's lovely to
Walk on the
Sparkling snow**

**I like to hear
My boots go crunch**

**Let's make a snowman
Snow is falling**

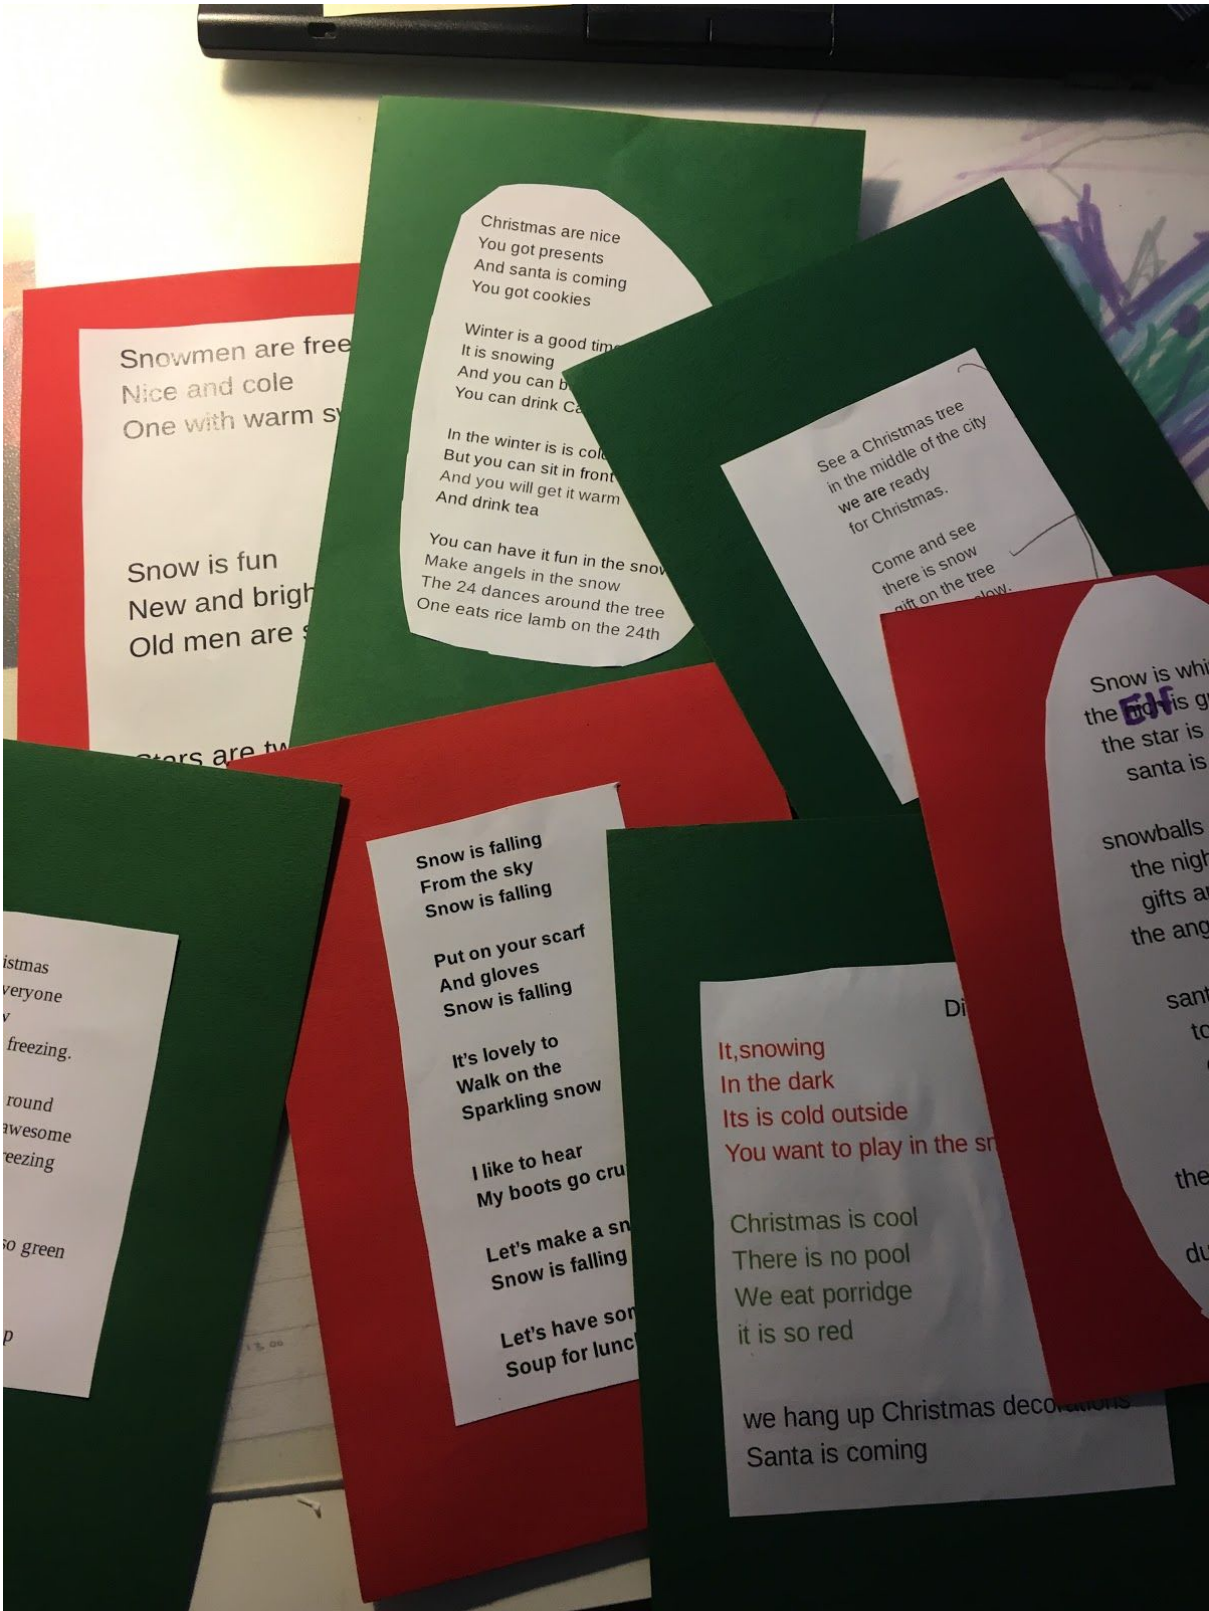

**Let's have some hot
Soup for lunch**

Christmas are nice
You got presents
And santa is coming
You got cookies

Winter is a good time
It is snowing
And you can build snowmen
You can drink Cacao

In the winter is is cold
But you can sit in front of your fireplace
And you will get it warm
And drink tea

You can have it fun in the snow
Make angels in the snow
The 24 dances around the tree
One eats rice lamb on the 24th

Snowmen are free
