

# Internet Safety Awareness Week

## Safe Use of Internet and Social Media

Mr. John Wills, Internet Safety Officer from 'Barnardos' a voluntary organisation dedicated to the protection of children has visited the school and engaged the classes in a workshop on Internet and Social Media Safety. He also spoke to the Teachers and Parents and gave good advice on what was best practice when using the Internet or Social Media in a school context. The teachers will be visiting [www.webwise.ie](http://www.webwise.ie) and using resources here to help with raising Internet Safety with their classes.
